<b>b)</b>	To continue discussions of the implications of the current public health situation on the finances of the Commissioners. ( <i>documents circulated by email 10.04.20</i> ). <i>The documents circulated were noted. SGJ had devised a new reporting format for YE 2020. This would now be adopted for YE 2021. It would allow clear and concise reporting of the Commissioners’ financial position on an ongoing monthly basis.</i>	
<b>c)</b>	To discuss further actions to assist the operation of 'The Laxey Lifeline'. <i>It was noted that additional transaction fees were now being levied on the 'Lifeline' Group. MR reported that PPE including nitrile gloves, Hi Vis vests, etc, was being provided to the</i>	

	group for use by the volunteers. <b>JS</b> to contact the group's administrator to ascertain if the Commissioners could provide any further assistance or support.	JS
d)	The exercising of dogs on Laxey Beach. The fact that Dog Bye-Laws relating to Laxey Beach and Promenade areas had lapsed was noted. MR reported that the AGs office were working on replacement laws which it was hoped would be implemented as soon as approval through Tynwald had been obtained. The process had been with the LGU for several years and the current health situation was likely to delay matters further. <b>AJM</b> stated that in the interim the public should be asked to follow the procedures and directions as set out in the by-laws that had lapsed. The signage setting out the directions and limitations was still in situ. It was agreed that the situation would be monitored and that the Commissioners would reiterate their requests to the AG's Chambers and the LGU that the matter be brought to a resolution as speedily as possible.	
<b>94/20</b>	<b>General correspondence</b>	
a)	Rob Holden, IOM Cycling – copy correspondence to DoI Minister in regard to future road use (circulated 28.04.20). This correspondence had been circulated. <b>TK</b> felt that the proposals in the letter to improve the walking, cycling, exercise, environment on the highway were a good idea. The correspondence was noted. No further instruction.	
b)	DEFA – Request in regard to drainage arrangements at 'Thie Spooyt, Dreemskerry, Maughold (circulated 28.04.20). <b>JS</b> summarised the proposals for the installation of a bio-disc unit at Thie Spooyt on Dreemskerry Road in Maughold. Members were advised that DEFA had been contacted in regard to the notification of landowners over whose land the flow from the bio-disc may discharge. MR had been advised that the bio-disc would exit into a soakaway on the property. In storm conditions, however, the flow of water may increase the flow into watercourses across adjacent land. DEFA had advised that they were satisfied that the discharge from the bio-disc would meet the necessary standards and requirements even in storm conditions. There followed discussion of the matter. Several Members expressed concern that third-party landowners were not being advised. Members considered sending a letter to DEFA requesting that they notify landowners of the proposals. Other Members felt that the matter should be left to the discretion and responsibilities of DEFA. The consensus that emerged was that a letter should not be sent. No further instruction given.	
<b>95/20</b>	<b>Committees &amp; Boards</b> – by exception due to suspension of meetings.	
a)	Northern Sheltered Housing Committee – <b>MF</b> advised that progress was being made with construction of the new sheltered housing units at the Mayfield Site in Ramsey. It had been reported that the construction workers were socially distancing. <b>MF</b> also advised that Minister Cannan was to visit the site in the coming days.	
<b>96/20</b>	<b>Officers' Reports</b> – The reports at items 93/20.b & 93/20.c had been noted. Nothing further was reported.	
	<b>Finance</b> – (YE 2020 Documents circulated 01.5.20). The report discussed at 93/20.c was noted. No further instruction.	
<b>97/20</b>	<b>Cooil Roi Report</b> – A report dated 01.05.20 had been circulated by JM. This was noted and received. No further instruction (Further matters were raised by <b>ND</b> see item 99/20.h below)	
<b>98/20</b>	<b>H&amp;S &amp; Maintenance Report</b> – The report at item 93/20.b was noted. MR reported that a local resident had manufactured a supply of washable, cloth face masks for use by staff at Cooil Roi, and by the maintenance/refuse staff should they be required.	
<b>99/20</b>	<b>Any Other Business</b>	
a)	<b>JP</b> suggested that pedestrians accessing Laxey Promenade be directed to walk using a 'one-way' system. <b>JP</b> also proposed that cars be permitted to park on the Promenade Green. <b>PK</b> stated that in his view the public were acting responsibly. <b>AJM</b> & <b>JS</b> concurred adding that it was not the Commissioners' role to attempt to manage these matters. <b>ND</b> stated that he doubted the Commissioners had the authority to dictate these matters to the public. <b>JQ</b> stated that some of the Glens in Maughold were receiving high numbers of visitors. The consensus was that the public must act sensibly and within the government guidance at all times.
